

RHEMA WORDS

FOR: Jerry & Linda Hill

DATE: March 7, 2010

GIVEN BY: Dominic Mancino / Mike Mancino

The Lord says, “Son, you have sown much into My Kingdom. You have sown and sown and sown into men’s and women’s and even children’s hearts says God. It even seems as you have been sowing and sowing and giving and giving says God, that there is very little fruit says the Lord. “

But the Lord would say even now as you continue to sow into My Kingdom – now there is going to be much fruit says God. There has been a time of pruning in your lives. There has been a time of even a wilderness experience says God. But know this says the Lord, I am bringing forth fruit in abundance says the Lord. For surely does not My Word say that “It shall not return to Me void.” Every time that you have gone and proclaimed My Word in Kingdom principles says God, knows this, it hasn’t fallen on deaf ears but it is being collected, says God. By my Spirit men and women are taking this in says the Lord. They are taking it in and it is being sown in good soil says the Lord.

But that which you have been sowing into the Kingdom of God has been sown into good soil, fertile soil says the Lord. There has been times when it has been difficult, there has been times when you have even said, “What’s the point? Is it of any good and of any purpose to go on?” There has been times when you felt that you couldn’t go on but you have persevered and you have been steadfast in the faith says the Lord and you have been faithful says God.

And the Lord says Son, “I am going to begin to promote you now, even now says the Lord. For surely there is a wealth of knowledge and understanding and wisdom that I have deposited within you says the Lord.” You have said, “God, we need help – we need help, we can’t do this, we don’t have enough people. And the Lord says, “Son I am going to begin to send the help that you need says God. I am going to begin to send men and women of kindred spirits and kindred hearts says God for surely I am going to begin to bring in prophets and teachers and evangelists and even apostles says God.”

I am going to begin to bring in the equipping that you need, even as Moses needed Aaron and Hur to uphold his hands during the time of battle. There have been times of weariness, times of struggle and you have been down-trodden says God. But the Lord says, “Son there is good news on the horizon for surely I have seen

and known and been acquainted with your grief says God and even your sorrow and your heart, says the Lord.” And the Lord says, “Speak to the North, speak to the South, speak to the West and to the East for from all four directions says the Lord I am going to call forth those people that are coming in to the Kingdom. I am not going to just set you up with people that don’t have a knowledge of My Word but I am going to bring in Kingdom People say God.”

I am going to begin to bring people of kindred spirits says the Lord. Even like-hearted and like-minded says God so that when they come in they will have a place here says the Lord. For surely I am building this Kingdom says God and I am beginning to bring it forth in My way and in My time.

There has been a place where you have been, even in obscurity, but you have labored and continued to be steadfast in Me says God. You have sown and sown and sown. You have such a giver’s heart says the Lord. A giver’s heart says God. You give with no strings attached says God. You want to bless My people and because of that heart says the Lord, because of the heart I have put within you, because of the purpose and the vision that I have put within you says God; you want nothing else but to glorify Me and bring forth My Kingdom says God, and establishing and even stretching forth and causing growth to come into My Kingdom says God. It pleases Me says the Lord. It pleases Me and your efforts and your labors have not gone in vain says God. Even though in circumstances you have looked and seen and even the enemy has tried to come in and lie to you and says that this isn’t going anywhere. This is all you are going to have.

The Lord says that the enemy is a liar says God and because you have been steadfast and faithful I am going to promote you says the Lord. I am going to begin to expand your horizon says God. I am going to begin to enlarge the tent and the place of your habitation. I have enlarged both you says the Lord and caused new wine to flow from these new wine skins says God and now I am going to bring the people in that need to drink the new wine says the Lord.

I am going to begin to bring those that are going to come in and you are going to be able to be in a position says the Lord where you are going to start delegating. You have longed to be in a position where you wanted people to come in so that you could delegate the authority and the giftings and the things that I have given you says God.

You have been labored, you have been weary says God. But the Lord says those days are coming to an end because surely even as I am speaking now says God it is

going to come forth and I am going to bring them from all four corners of the earth says the Lord.

They are going to come. You are going to need worship leaders and worship teams. I have already chosen and hand picked them by My Spirit says God. All that you have need of says the Lord is going to come. Whatever you need says God. For even those that have money and resources says God, I am going to begin to bring millionaires into this place says the Lord. For the expansion of this place is much larger than you can imagine or think says God. For My Kingdom is much greater says God.

I have put a deposit of My Word in you says the Lord and it is not to be shared with just a select few says God. It is to be shared with those all around you. Not only in this state but throughout the world. For surely says the Lord I have called you and I have put an apostolic anointing upon you.

You are going to travel says God. You are going to travel and you are going to be known even as my servant, Myles Munroe has been known says the Lord. For surely that which was in obscurity (I have formed you, I have shaped you, I have made you – you are a King in My eyes says the Lord, a king in My Kingdom says the Lord and you are going to be able to take the wealth of knowledge and the understanding and wisdom that is upon you says God and you are not going to just share it here locally, says God.) will go forth internationally. Yes you have traveled and dabbled and had tapes go out internationally says God, but get ready says the Lord because I am going to use you even to plant churches into My Kingdom and you are going to be expanding in a great and mighty ways says God. For surely as you have been faithful in Me, promotion is coming says God. I promote those that are faithful to Me and steadfast.

And even though there have been times when you wanted to give up and you said, “What’s the use?” God says you have remained steadfast in Me and because of that says God you have honored Me, you have honored My Word, you have honored my Kingdom and now say the Lord, “Prepare to be honored for I am raising you up. You have humbled yourself before Me as a vessel to be used for My glory and now says God I am going to raise you up says the Lord. I am going to exalt you says God and people are going to know where Freedom Assembly Church is says God. I am putting you on the map says the Lord and people are going to know. And there is going to be a deposit of My Spirit here for even signs and wonders are going to go forth in this place says God because there is a liberty of My Spirit. You don’t have your own schedule says God but you are following

the leading of My Spirit says God and you are sensitive says the Lord and you don't have your agenda – you have My agenda and you are sensitive to My leading and My guiding says God and with that I can use a man who is pliable and flexible in My hands. When I speak you obey Me says God. That pleases Me says the Lord for surely I have placed a heart, even as a heart of David, in you says God and know this – all that you have need of is going to be supplied. All that you have need of, all the bodies that you are going to need.

You are going to begin, even in the days ahead, says the Lord as they begin to come in you are going to say to your wife, “What do we do with this one, what do we do with that one. We need to seek the Lord for this one. How do we delegate? God says, “Son, continue to seek Me for My counsel and seek Me for My will because all things are going to be done decent and in order in My house and I will give you the instructions. I will say, “Promote this one and put this one here, and put this one here.” You are going to recognize the anointings and recognize the giftings that are on these people as they come through the door says God.”

Not all that are here right now will stay with you but those that I would have to be here are going to be here by your side upholding your hands says God. For surely even in the days ahead the battle is going to rage and is going to get a lot stronger says God. The opposition is going to come against that which I am doing here says God. The enemy is not going to sit idly by.

But the Lord says, “Son I have put wisdom and knowledge in you says the Lord and I have even raised you up as a general in My army says God for you are a King says God and you are going to begin to decree things in My Spirit by My Word says the Lord and they will truly come to pass. For surely I am going to give you battle strategies even in this room says the Lord as you begin to seek My face with the people around you says God I am going to begin to give you battle strategies not only to take this time says the Lord, and to be a difference and distinctive says God, but even in this state says the Lord but don't stop there says God for surely I have planted churches within you and there is an anointing, an apostolic anointing where you are going to go forth and you are going to have to delegate and leave authority into the people's hands while you go and plant churches thorough this earth says the Lord.”

Brother, the Lord just shows me that you have such a meek heart and when I met you last night there is just such a meekness about you, such a humility and God is so pleased. You have paid the price.

I saw all the resources that you have with all those CD's and I said God, "This doesn't come without a price." And He said, "No it doesn't. He has paid a heavy price." But because you were willing to pay such a heavy price, God is going to honor you brother. He is going to raise you up. Not that you are looking for fame but God says, "I am going to raise you up and you are going to be seen and known by many men. For even in the circuit of those well-known ministers says God, they are going to say, "Who is this man of God? Who is this Jerry Hill? All will see, all will know and all will recognize My Spirit that I have deposited within you for surely there is a large spirit of wisdom and knowledge and understanding that I have put within you says God and I am going to even enlarge that even in the days ahead says God because the vessel must be enlarged to carry the new wine that I am putting within you says the Lord." And know this says God, "You will surely fly says the Lord. No longer will you have to be tied to the earthly realm says God for surely there is going to be visitations – angelic visitations says the Lord. I am going to be waking you up and there is going to be visitations by My Spirit says God and I am going to give you marching orders and strategies to take and go before the enemy and reclaim that which belongs to Me says God. To repossess the land which the enemy has taken temporarily and bring it back into the Kingdom of God. For surely there is dominion in you says God. There is authority and power and might and an anointing on you says God, an anointing to break the yokes of the bondages. There are going to be people that are going to be coming in here for healings. There are going to be deliverances, there are going to be salvations says God. The Lord is showing me that there is going to be complete wholeness. People are going to be coming in with fragmented lives. People are going to be coming in with broken spirits and God says that I have anointed you to anoint them to set the captives free."

Freedom Assembly is a prophetic name and God says, "people are going to know that there is liberty and freedom in the place. For surely they are going to come into this house says the Lord, and not only are they going to experience My Love, not only are they going to experience My peace, but they are going to experience FREEDOM like they have never experienced before says God. And the Lord says, "Son and daughter you are going to lead them. You are going to bring them into that place of peace that passes all understanding and that freedom where the Spirit of the Lord is – there is truly liberty and freedom says God for surely I came to give My people abundant life and to give it to them more abundantly says the Lord

and I can't use a people that is walking in bondage. My ways are not limited when I want to use My people, not only in spiritual ways, but in money and all resources says God. For surely salvation is wholeness and that which I have deposited within you says God, the anointing that is on you says the Lord, people are going to be coming in and they are going to be delivered says the Lord for surely signs and wonders are going to come forth in this house says God.

God gave me scriptures for you: Job 8:7 / Job 22:8 / Ps. 81:16 / Prov. 24:13-14 / Ecc. 7:8 / Hab. 2:2-4 / Zech 4:10 / Matt. 13 31-32 / Lk 6:38 / 1 Cor. 15:57-58 / Heb 6:10.

Job 8:7 - FAC is in a seed form but God says this thing is going to bust out at the seams. It is going to greatly increase. And even in the days ahead God is going to move swiftly.

Job 22:8 - Kings have the authority to make decrees and whatever the King says is law. There is a Kingly anointing on you so when you begin to decree to the principalities and powers and the spiritual wickedness in high places they are going to bow their knee. They have to. As you begin to proclaim God's Word in a situation you begin to decree and call those things that be ot because of the authority and the anointing God as put within you – there is dominion in you. You are going to start seeing doors open up. There may have been some places you have tried to go and the doors wouldn't open. God says that these doors are going to fly open because now is the time and this is the place.

Ps. 81:16 Jesus is the Rock. You have been able to extract the honey out of that rock. That honey is all of the CD's and all of the teachings and materials and everything that you have labored and spend hours and hours and hours extracting the nuggets, extracting the jewels and the honey and the wheat and all the good things to feed God's people. That is honey in the rock and that is not just for a few people. I see you traveling, brother. I see you planting churches – like satellite churches from this place here because of what God has placed in you. God is saying that it is too big to be confined in this building. You are a visionary, you are a dreamer, and you are a man of purpose. You are a man of destiny and everything that God has placed within you, and within you sister, God is going to bring it to pass. The Lord says dream big. Dare to dream big. Prove My Word. God said, "You have tried the Word and the Word has tried you." And God said I am going to continue to bring these things forth and that honey in the rock is the resources that you have labored many hours in and it seems like, "What is the point, but God keeps giving it to me and as long as He keeps on giving it to me I

am going to continue to feed the flock. I am going to continue to feed the Kingdom. Even if there is five people or five hundred people. Brother get ready because God is enlarging the place of your habitation. I am speaking not only spiritually I am speaking physically. God is going to give you lands, He is going to give you buildings and you are going to enter in and possess that which God has given you.

Mike Mancino – Before you go on, that scripture that Nick just shared, Ps. 81:16 – the Lord gave me that this morning without Nick and I talking so that is confirmation. And from what I see of *honey out of the rock* is this. You are not normally going find honey in rocks. But what you have done, you have pressed into the Lord, your intimate times with the Lord has produced a treasure that is not normally found in a rock. It is a miraculous thing, the secrets of the Lord, the mysteries of the Lord, the insights of the Lord that is the honey that you are drawing from the Rock of your relationship with the Lord. And as you have it you can share it. You can't give what you don't have. And for those who have ears to hear and eyes to see – that is the spiritual nourishment that they are being strengthened by and that is not normal. That is a miraculous provision and it takes labor, it takes purpose, it takes desire, it takes all of those things and God is saying because you have done that the blessing of the nourishment - first of all you are nourished when you receive the honey out of the rock- but then you have an opportunity to share it as a Pastor to feed your flock. And you feed them with the best things and it will produce satisfaction. You know how satisfying it is when God reveals things to you, when He reveals the mysteries and the secrets and the treasures. It is just an overwhelming, delightful thing. And as you begin to assimilate it you can impart it and that is what you are doing.

You changed my life when I came here a year ago. God sent me to you. That is no small thing because I was at a place where I was not satisfied spiritually with where I was and I came down here, I was physically limited. I was spiritually, in a sense, limited. There was no sin, it wasn't about sin. It wasn't about anybody having problems with me. It was just a deep, deep dissatisfaction with where I was because I knew there was so much more of God and it wasn't coming forth. It wasn't happening and I said God there's got to be something more. There's got to be another level. I'm asking you to take me to another level and to another height. And when I came here and you started sharing these principles of the Kingdom it ignited me. It was like I was brought to another level and now God is taking me and I am seeding that same concept into lives. It's a prolific exponential increase and only God knows the impact of that. All we can do is share with what we have

to who we have. But God will take it as seed and He will multiply it and there is no limit to it because it is Kingdom seed.

I want you to know how much you blessed me. I told you this and that is because you have pressed into the honey that is in that Rock and I as well have that same kind of heart and it is just a wondrous thing. But that's not normal. That is for someone who really loves the Lord, who really has a passion for His Word and God will always satisfy that. He said, "Open your mouth wide..." in that same chapter, "and I will fill it". And this is that prophetic word, God is saying, "Open your mouth wider now because what you have now is not a limitation. Open your mouth – as much as you open your mouth that's how much I will fill it. There is no limitation. There is no limitation with God."

Back to Nick:

Prov. 24:13-14 - Your hope and expectation for FAC will not be cut off.

Ecc. 7:8 - The Lord gave me these two scriptures through a prophetic word several years ago and He brought those back. You have been patient. It has been a battle but you have been patient. And because you have been patient God says the beginning is nothing – wait until you see the end of this thing.

I had overheard that you had suffered a heart attack. God is not finished with you yet brother. He is not finished with you yet. There is much work to do for the King and the Kingdom. That is what He is showing me. Much work to do and you are the one that is going to bring that about.

Hab. 2: 2-4 - The Lord is showing me that you have been uncompromising in your faith and faithfulness to Him and that is where the rewards are going to come. God is going to reward you like you have never been rewarded before. He is going to give you everything that is essential in building and expanding the Kingdom of God.

Zac. 4:10 - Don't despise the day of small beginnings. Because everything starts off in a small form, a seed form and it has to be planted. The seed first of all has to go into the ground, it has to die before it can bring forth much fruit Jesus said. And so that seed, that thing that God has planted in both of your hearts several years ago and the vision that He has given you and all these things that He is showing you in your spirit and you are saying but I don't see it yet, I don't see it yet. And God is saying just be patient, don't despise the day of small beginnings.

Matt. 13: 31-32 - Right now this ministry seems insignificant but it is not insignificant in God's eyes and He want you to know that. This place is going to be a shelter; a place where people who are going to need help spiritually are going to come into the shelter and cause this "mustard tree" to branch out and grow.

You are going to start traveling brother. God is going to get everything in place and then He is going to say, "Okay, now I want you to start going and sharing what I have shared with you all these years because the rest of the world needs to hear these Kingdom truths. And it is not just for here, it is for out there as well. That is why God is saying expand your vision, expand your horizons and dare to believe that I can do exceedingly, abundantly above all that you could ever ask or think. Don't try and figure it out; don't lean to your own understanding. Look to My Word, seek My face, seek My counsel and know that everything that I have put within you is going to come to pass and come to fulfillment says God."

Luke 6:38 - You are a role model for many ministers and many saints of God. The Lord told me, and He couldn't emphasis this enough, He said they are givers, they're givers, they're givers, they're givers. You give even when it is not convenient. You give, you just give. You guys are givers. You don't give with strings attached. You give hilariously, you are cheerful givers. That is who you are. God puts something on your heart and you give. God doesn't put something on your heart but you still give anyway. You make all of God's resources and yourselves available and that is why you guys are battle weary. You have expended yourself, you have extended yourself to everybody and God says you can't keep doing that. That is why you had the heart attack because physically it was just taking a toll on you and God says, "I have to bring people and place here to support you two.

Speaking to Linda: "You wear a lot of hats and I will get into that in a little while.

But the giving – God just shows me that you guys give unconditionally and because you have a givers heart, patterned after the Father when He gave Jesus, his best. You guys always give your best and God says, "Because you have given your best I am going to give you My best. Everything you have need of, whatever it is, says God, I am going to give you My best because you give without measure and you give unconditionally, no strings attached, no ulterior motives, you give because you love to give and you want to bless God and you want to bless God's people.

1 Cor. 15:57-58 - This speaks of superiority, and excellence and this depicts both of you. That is why God is going to move in such a ways because you guys have – there have been times that you have just been down and out and you have said, “I don’t know if we can go another day.” But God says just hang in here, be patient, be steadfast, unmovable and abounding in My work and God has seen and found both of you faithful. You have been faithful in God’s work and it hasn’t been wasted no matter what the enemy has come in and told you it is nothing but a lie. It has not been wasted and it has not been futile and for no purpose. Everything God does he does with significance and purpose.

Heb. 6:10 You have been so consistent and you have been so faithful in sharing that honey, sharing and breaking that bread and blessing the people with the new wine and you have been faithful and God is so pleased. God is so pleased. Those are the scriptures He put in my spirit this morning and He said let them know that I am pleased. I am well pleased with what you have been doing. And he knows everything you have need of and He is going to start bringing it in. Get ready because God is going to do a quick work here. From all over.

I want to pray over you sister because you have been going through it. This isn’t just for him. This is for both of you because you are one. You were sharing some things about going through a couple of weeks of darkness and one of the things I was really picking up on was discouragement. You have really, really been going through it and if anybody needs relief right now and anybody needs support and help it is you sister.

The Lord says, “Daughter you truly are a blessing to Me. When you come into My court you bring much joy to My heart. You have such a heart for My Kingdom. You have such a heart for Me says God. You have such a heart for mercy and compassion upon you says the Lord. And even through these past couple of weeks and there has been attacks from the enemy from every angle says God. Know that I was able to keep and sustain you through all of this says the Lord. For surely I am raising you up as a woman of endurance; I am raising you up as a woman of perseverance. For the Lord says, “Daughter I am putting a boldness in you that is not going to shrink back. That when the enemy comes you are going to open up your mouth and speak My Word and the enemy is going to come one way and flee seven ways says God. For surely I have felt your pain, I know the discouragement, the misunderstanding and there has been questions on your heart, “Lord, when, when.” For surely you have worn many hats says God. You have tried to do this, that and every other thing. Even as a Proverbs 31 woman would try to do many, many tasks. The Lord says, “Daughter, it has only been for a season. For the Lord

would say surely help is coming, help is on the way. And I am going to free you up says God. I am going to free you up in Me says the Lord. I am going to begin to remove the shackles, the things that have been trying to bind you says God. There is going to be such a freedom, such a liberty in My Spirit through you says God. For surely even as you move prophetically, says the Lord, you will begin to sing songs of deliverance. Songs of healing says the Lord, songs of Worship to Me says God. For surely there is going to come a freedom in the place on the Worship Team and in this house and I am going to fill this place with My Spirit, says God. For surely there is going to come a time when you are going to have a Word to say and you are going to be able to sing it in the Song of the Lord and lives will be changed and transformed even where they are sitting says God. For surely My deposit, My Spirit, is upon you says the Lord. I have placed a spirit of even Deborah upon you says God and I would have you to judge the principalities, the strongholds and the wickedness of high places says the Lord. For surely you have been attacked in you mind says God and I would say continue to spend time in My Word, even as David was one to encourage himself when he was attacked by the spirits of darkness. He encouraged himself in the things of God. I would, daughter, that you would encourage yourself in the Lord and encourage yourself in My Word says God. For surely I am raising you up as a pinnacle in My Kingdom says God; for surely I am bringing strength, I am bringing stability says God. And where there was weakness I am bringing strength. Where there was a lot of doubting, I am bringing a strong faith in you says God. Faith that would even move mountains says the Lord, for I am increasing a measure of faith in you even now says God and know that I have been with you all through this time. It has been difficult, it has been painful and there have even been times of misunderstanding and you have questioned. But the Lord says, "Daughter you have not wavered, you have not fallen back, you have not shrunk back but you have looked to me.

I just saw that the enemy has tried to hit you with everything. There was fear, there was doubt, there was unbelief, there was discouragement. There was just a lot of things that he kind of just broadsided you with all at once and just threw this thing upon you and you just felt like you were just overwhelmed. It was like you were at the beach and this 50 foot wave came in and just caught you unaware and almost leveled you. But God was there to sustain you through all of that. And because of all that has been going on and even in the days ahead the Lord is showing me that there is a shield of faith that He is going to enlarge that shield of faith so you will be able to quench the fiery darts of the wicked one.

You are going to minister alongside with your husband. He won't be traveling alone. You will be traveling with him as a team. He has a lot of wisdom and understanding but sister, He wants you to know that He hasn't forgotten you either. You have prophetic insight and God is going to begin to use you even in dreams and visions and He is going to begin to share some intimate secrets and show you some things and there are going to be times when he (Jerry) is going to say, "You know, I just am not getting anything right now, there is just something going on. And God is going to give you something and then you are going to share that with him and He is going to say, "That's it."

God is just showing me that there is a strength in you, an inner strength in you. You had to go through a lot of things, sister. But through all of that there has been a fortitude, a perseverance, there has been a steadfast faith and an immovable object in what God has done through you and even in the days ahead. And He knows and sees all the hats you have been wearing sister. Be encouraged because you are only going to wear one hat. You are not going to be wearing the hats of many people. God is going to bring all the people in – one by one – I see you in the spirit – I see a lot of hats. I see you taking a hat off and putting it on this one's head. I see you taking another hat off and putting it on this one's head. I just see you taking all the hats off one at a time and putting them on others and delegating the authority, delegating the duties and all those things that you have been bogged down with; all the things that you have been doing. God is going to free you sister so be encouraged. So be encouraged in Jesus' name.

I was so overwhelmed with what God was showing me, He was just giving me so many things. And I was seeing buildings, I was seeing lands. I was seeing an outreach center. I was seeing different types of ministries. I was seeing like a food pantry. I was just seeing different facets of different outreaches that all glorified the King and extended His Kingdom. I saw that. I saw all of that. And because you guys have been so faithful God is going to raise you up. I see promotion coming and He is going to bring the people that you have need of; every single one of them. He knows exactly who you need and He as people that are tailored-made for the positions that you two need to delegate the duties to in this church.

God is going to bring in a drummer and He is going to be bring people in with guitars. He is going to be bringing anointed worship leaders that are going to write songs. You have no idea how good it is going to be. But I am just going to say this, get ready because the Lord is showing me that this is going to happen and it is

going to happen quickly. It is going to catch you guys and you are going to say, “Wow, what is going on here?” It is going to happen quickly so be encouraged and be blessed in the name of the Lord Jesus Christ.

God has been showing and confirming that there is going to be lands and building. The Kingdom of God is this – when you go in and possess you go in and you get houses that you don’t have to build, you get wells that you don’t have to dig. All you have to do is go in and dispossess the enemy and repossess what belongs to God and that is what the Lord is showing me. And through that dominion you are taking land, you are taking territory, I am talking physical territory, but you are also taking the spoils of the enemy as well. And I saw people coming in here. Every avenue of what you have need of, finances, God is going to send and put millionaires in here. He has the Kingdom, it is His, and He is going to finance the Kingdom and you guys are going to come in and do what you do best – seek God’s face and get honey out of the ROCK! So be encouraged it is coming.

Mike Mancino:

When I first came here, the first thing I noticed was that you are a giving people. I mean to give the CDs away, I know that is no small thing; and the second thing I noticed was the excellence of the ministry. Everything is done in excellence and it reflects well on your King. Even though it is small, everything that is done is done in excellence no matter what it is. And I sense (and I’m not saying this is the Lord saying this) that there is the core of at least a 1,000 member church here, at least. And that is not limiting God but that is what I saw even though there is small numbers now. What is in your heart, the spiritual depth and the spiritual wisdom and understanding, the hearts that you have, God said that is the frame work for a much larger ministry. But God is not interested in a lot of people. Yes it is important but again it goes to the seed. Whatever is in the seed is going to produce the harvest. And there is great godliness in this heart and in this ministry a great yieldedness, great trust, great faith. I mean it is all there and it is just a matter of time before it all germinates and begins to express itself.

The Lord always works on a principle of fullness that always comes from doing the right thing. Being faithful may seem like an insignificant thing one thing at a time but what that is doing is it is building towards fullness. And when there is fullness there is a manifestation. And you are on the verge of the manifestation because of the fullness you have achieved through faith-full-ness.

You see the enemy will lie to you and say one little thing that you do – you know Wednesday night service for 15 people is just futile, it is just foolish. You should just close down the service. God says NO – you are being faithful and you are filling up the cup of faithfulness; and faithfulness is far more than just people it is God's favor, it is God's anointing, it is God's purposes that are being fostered. And so one thing doesn't seem like it is significant but in God's eyes it is moving towards fullness and only He knows when there is going to be fullness. But you are moving towards that so don't be discouraged. God is saying one day at a time and being faithful and trusting the Lord.

You are being obedient so God has surprises ahead for you. They are absolutely delightful surprises. And if He showed you, and in a sense He has given you a vision, but He hasn't showed you the specifics of it and if He did He would spoil the surprise. He says, "Don't order your own life, don't rule your own life and don't control your own life and spoil the surprises I have ahead."
